DIVERSITY

VALUE

EXPERIENCE

Our company's core values enrich our perspective, fuel innovation, and motivate us to make a meaningful impact in the lives of those we serve.

Working with Us

We are 100% Native American-owned and a certified minority enterprise. Working with Cayuse gives companies the opportunity to receive world-class technology and business services at a competitive price while supporting Native Americans and Native Hawaiians.

The Cayuse Advantage

Value-driven solutions from a partner you can trust.

Cayuse Commercial Services is a premier technology and business services provider, delivering cost-effective, top-tier solutions with proven delivery assets and accelerators. We excel in recruiting for in-demand skills and staff augmentation.

Headquartered in Pendleton, Oregon, our tenure spans over 18 years. We have a proven track record of successful long-term partnerships with both smaller businesses and Fortune 500 companies.

**'Grow the company,
grow the people'**

Information Technology Services

Flexible, affordable, full-suite solutions for your business

Application Development & Testing

Gain an industry edge in today's competitive market with specialized capabilities.

Our expert developers design tailor-made applications that align with your business goals. We support the full software development lifecycle across a variety of languages and methods.

Cybersecurity & Operational Resilience

Safeguard your assets with proven solutions and expert operations support.

We plan, implement, and provide operations capabilities for advanced threat detection and prevention, GRC, capability and maturity assessments, SOC, and Digital Twin.

Cloud Services

Build and implement a customized cloud solution for your business.

Cayuse partners with customers for strategy, migration planning, implementation, integration, optimization, cost management, security, compliance, monitoring, and ongoing support.

Service Desk & IT Operations

Empower your business with technology, insight, and support.

Our services boost productivity with experienced resources and proven delivery assets. Our service desk efficiently manages tickets, reduces defects, escalates responses, and monitors KPIs.

Data Services

Manage, organize, and analyze information that supports your decisions.

We utilize past data to provide a foundation for your future success. Our services include validation, cleansing, migration, and analytics using manual and AI-based data tools.

IT-in-a-Box

We offer comprehensive, turn-key, scalable technology support with a fixed price per user.

Our solutions include equipment, software, storage, security, monitoring, and both remote and on-site support—tailored to your budget.

Business Process Services

Streamlined processes and innovative solutions

Accounting & Tax Services

Tap into Big Four talent in low cost geographies.

We provide certified professionals with secure access into your environment. Our approach supports critical and cyclical business functions, freeing up your staff for value-added work.

Virtual Executive Assistants

Delegate your time consuming day-to-day tasks.

Our cost-effective, remote assistants handle your daily administrative work. Spanning multiple time zones, we arrange travel and meetings, manage email, draft documents, and more.

Program and Project Management

Achieve your business goals with expert oversight and coordination.

Our manual and AI solutions optimize processes and enhance decision-making. We have deep domain expertise gained from experience working with large Systems Integrators.

The transition has been seamless. Working with the Cayuse techs, they have been knowledgeable, informative, responsive, and very helpful. Their experience in applying technical knowledge to practical applications has been top rate.

We want to work with you!

For Enterprises

Cayuse has a demonstrated history of collaborating with Fortune 500 companies, serving as both a prime and sub-contractor.

We deliver flexible contracting solutions, providing competitive rates and full service capabilities. Our offerings span 24x7x365 and are supported by teams in the U.S. and low cost geographies.

We are committed to minimizing our negative impact on the environment and supporting the Tribal philosophy of respectfully caring for the earth.

For Smaller Businesses

Cayuse is attuned to the unique needs of small businesses, offering scalable solutions and flexible pricing without compromising quality or affordability.

Through collaborative and innovative approaches, we provide our clients with fortune 500-level services and essential IT skills at a predictable, per-user price.

Our expertise lies in mitigating the risk and exposure to cyber-related incidents and software issues. Our highly skilled resources are specialists in all the IT acumen a business needs.
