

PROGRAM AND PROJECT MANAGEMENT

cayusecommercialservices.com

COORDINATION AND OVERSIGHT TO ACHIEVE YOUR BUSINESS OBJECTIVES

Today's competitive landscape requires effective program and project management in order to achieve strategic objectives.

By leveraging our expertise, Cayuse will partner with you to plan, execute, and control your projects with ease. Our oversight, experience, and talent deliver directives on time, in budget, and within scope. Cayuse has tailored solutions that will manage your ideas, integrate them into your business, and help you achieve your goals.

HOW WE CAN HELP

With deep domain expertise gained from extensive work with large Systems Integrators, Cayuse is a reliable partner and valuable resource. We provide the necessary guidance, governance, and collaborative environment to provide project success. Cayuse will:

- Employ industry-standard Program Management Office (PMO) tools and processes
- Utilize the appropriate methodology, Agile or Waterfall, to manage the project
- Proactively identify and mitigate risks in a timely manner
- Provide continuous monitoring, guidance, and oversight of project team performance to produce first-rate results including meticulous financial management
- Skillfully manage tradeoffs to optimize the achievement of overall objectives
- Conduct comprehensive quality assurance reviews to guarantee deliverable excellence
- Manage organizational change by setting clear stakeholder expectations, delivering regular updates, conducting relevant training, and establishing enhanced strategies to align with your organization's goals

Cayuse is a 100% Native American-owned company. As a certified diversity provider, Cayuse offers companies the opportunity to support Native Americans and Native Hawaiians while receiving world-class services at a competitive price.
