MANAGED SERVICES FOR IMPROVED OPERATIONAL EFFICIENCY AND CAPACITY

Cayuse managed services offer remote scalability and support for a wide variety of business functions in Finance, HR, and IT. By outsourcing specific processes to Cayuse, your company can optimize resources, reduce costs, and increase focus on core business activities.

HOW WE CAN HELP

Cayuse can help your business increase organizational capacity, providing your team the freedom to focus on the core activities that promote successful business performance. Cayuse offers both onshore and offshore resources and will assist with onboarding, transition, and optimization of balance of work.

We provide high-quality talent in several areas:

- Finance and Accounting
- Human Resources
- Tax Auditing and Filing
- Customer Service
- Information Technology
- Executive Support
- Data Entry
- Payroll

The benefits of Cayuse managed services include:

- Operational efficiency and reduced overhead costs by streamlining processes and leveraging economies of scale
- Performance measured by a standard Service Level Agreement (SLA)
- Access to specialized expertise and technology without having to invest in recruiting, resources, and infrastructure
- Allows businesses to focus on core competencies which are critical for growth and profitability
- Improved compliance and risk mitigation

Cayuse is a 100% Native American-owned company. As a certified diversity provider, Cayuse offers companies the opportunity to support Native Americans and Native Hawaiians while receiving world-class services at a competitive price.
